

# Departmental Transfer Credit Application

Cornell University

Department of Chemistry

In order to apply for transfer credit for a Chemistry course taken at another institution, you must complete *all* questions on this form and submit it, a copy of the course syllabus from the other institution, and **your College's "Application for Credit from Other Institutions" form** to 131 Baker Lab for approval.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

CUID #: \_\_\_\_\_ Cornell Email Address: \_\_\_\_\_

College \_\_\_\_\_

What **Cornell** Chemistry course are you seeking credit for? \_\_\_\_\_  
Course Number and Title

## **Information on Course at Other Institution**

Name of Institution: \_\_\_\_\_

Address: \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_

Please use the link below to verify that this institution has a chemistry program certified by the American Chemical Society. If it does not, please do not submit this application.

**Only courses offered at institutions with ACS certified programs will be accepted for Cornell credit.** ([https://portal.acs.org/portal/acs/corg/coldfusionapp?\\_nfpb=true&\\_pageLabel=mapp\\_cptasl\\_page#](https://portal.acs.org/portal/acs/corg/coldfusionapp?_nfpb=true&_pageLabel=mapp_cptasl_page#))

Name and Number of Course: \_\_\_\_\_

Instructor's Name: \_\_\_\_\_ Email: \_\_\_\_\_

The course must also satisfy graduation requirements for the ACS-certified degree at the other institution. Please paste below the address of a website showing that the course satisfies chemistry major graduation requirements at the other school:

If you cannot identify a website documenting this, please obtain and affix a letter from the Director of Undergraduate Studies at the other institution stating the course fulfills ACS degree requirements there.

When are you planning to take this course (semester and year)? \_\_\_\_\_

**OR** When did you take this course (semester and year)? \_\_\_\_\_  
(Please attach a transcript indicating your course grade.)

If you are seeking credit for Cornell's CHEM 1560, 2070, 2080, 2090, or 2150, does the course at the other institution have a laboratory component associated with it?

**YES**                          **NO**

If the course does *NOT* have a lab, what course will you take to meet the laboratory requirement for CHEM 1560, 2070, 2080, 2090 or 2150? \_\_\_\_\_
