Previous Passer Lectures

**Fall 2017**  
October 2  
**David Oxtoby** - Pomona College  
- *Chemistry, Creativity, and the Liberal Arts*

**Fall 2016**  
September 8  
**Steven Chu** - Stanford University  
- *Climate Change and Low Cost Path to Clean Energy*

**Spring 2012**  
April 2  
**William F. Brinkman** - Department of Energy

**Spring 2011**  
February 3  
**Robert L. Kleinberg** - Schlumberger-Doll Research  
- *The Marcellus Shale: Science and Technology*

**Spring 2008**  
April 24  
**Bruce E. Bursten** - University of Tennessee, Knoxville  
and President, American Chemical Society  
- *The Centrality of Chemistry*

**Fall 2008**  
October 30  
**Madeleine Jacobs** - American Chemical Society  
- *The Changing Nature of the Chemistry Enterprise: Whither Chemists and the American Chemical Society*

**Fall 2004**  
September 10  
**Arthur Ellis** - University of Wisconsin at Madison  
- *New Chemical Bonds: Partnership with the National Science Foundation*
Fall 2003
October 2

Charles P. Casey - University of Wisconsin - Madison
and President-elect of the American Chemical Society
  • Challenges for Chemists

Fall 2002
September 9, 2002

Frank H.T. Rhodes - President Emeritus, Cornell University
  • Science and the Academy

July 9, 2018
