| Thurs, July 5 | Rodney Ruoff (Center for Multidimensional Carbon Materials)  
Special Seminar - 135 Baker                                  | Hoffmann     |
| Tues, July 24 | Lukas Müchler (Flatiron Institute)  
Special Seminar                                                  | Hoffmann     |
| Thurs, Aug 16 | Li Deng (Westlake University)  
Special Seminar                                                      | Lin          |
| Thurs, Aug 30 | William Noid (Pennsylvania State University)  
Chemistry Seminar                                                  | DiStasio     |
| Mon, Sep 10  | Amie Boal (Pennsylvania State University)  
Special Seminar                                                  | Lancaster    |
| Mon, Sep 17  | Scott Laughlin (Stony Brook University)  
Special Seminar                                                  | Baskin       |
| Thurs, Sep 20 | Michael Hagan (Brandeis University)  
Chemistry Seminar                                                  | DiStasio     |
| **Fri, Sep 21** | **Aggarwal Lecture**  
Chad Mirkin (Northwestern University)  
PSB - 4:00pm                                                  | Fors/Coates  |
| Thurs, Sep 27 | Victor Batista (Yale University)  
Chemistry Seminar                                                  | DiStasio     |
| Mon, Oct 1   | Paul Ayers (McMaster University)  
Chemistry Seminar                                                  | DiStasio     |
| Thurs, Oct 4 | Michael Hilinski (University of Virginia)  
Special Seminar                                                  | S. Lin       |
| Thurs, Oct 11 | Uttam Tambar (UT Southwestern University)  
Chemistry Seminar                                                  | S. Lin       |
| Mon, Oct 15  | Brett Fors (Cornell University)  
Chemistry Seminar                                                  | Crane        |
| **Thurs, Oct 18** | **Albrecht Lecture**  
Mark Tuckerman (New York University)                                | DiStasio     |
| Thurs, Nov 1 | Matthew Sfeir (Brookhaven National Laboratory)  
Chemistry Seminar                                                  | Ando         |
| Mon, Nov 5   | Stefan Stoll (University of Washington)  
Chemistry Seminar                                                  | Davis/Chen   |
| Thurs, Nov 8 | Hosea Nelson (University of California, Los Angeles)  
Chemistry Seminar                                                  | S. Lin       |
| Mon, Nov 12  | Bradley Siwick (McGill University)  
Chemistry Seminar                                                  | Marohn       |
| Thurs, Nov 15 | David Nagib (Ohio State University)  
Special Seminar                                                  | S. Lin       |
| Mon, Dec 3   | Delia Milliron (UT Austin)  
Chemistry Seminar                                                  | Hines        |
